

*# Development*

*## Integration tests*

Install docker **then** start fresh Zabbix Server:

```
```shell
rm -rf data
docker-compose up -d
```
```

Login to Zabbix with Admin <http://localhost:3080> with creds: 'Admin' / 'zabbix'.

Then run tests:

```
```shell
chmod +x run-integration-tests.sh
./run-integration-tests.sh
```
```
